

Bay State Milling Job Description

Job Title: Customer Service Representative
Location: Winona, MN
Department: Admin
Reports To: Customer Service Manager
FLSA Status: Salary - Nonexempt
Date Revised: 11/21/2020

SUMMARY

The primary purpose of the Customer Service Representative (CSR) is to coordinate customer account information among sales, Core Milling operations, corporate office and the mill with which they are assigned. In addition, the CSR will provide customers exemplary service by accurately processing orders and invoices; ensuring delivery of product as requested and responding timely and accurately to customer requests and or concerns. The CSR is accountable to ensure compliance with all applicable legal and regulatory requirements in accordance with established company policies and procedures while maintaining the highest levels of safety, quality, and productivity. This position requires an individual who has the ability to multi-task and thrives on teamwork.

ESSENTIAL DUTIES AND RESPONSIBILITIES *include the following. Other duties may be assigned.*

Perform all tasks safely and efficiently.

1. Provides day to day administration and support of sales group, as well as functions as a liaison between field sales personnel and internal operations.
2. This position provides a service to customers to communicate to the mill directly and get a confirmed ship date for their order request and maintain effective customer relationships for ongoing service enhancement and quality.
3. Coordinate the customer's needs with our ability to ship. This service is the focal point of inquiries which require immediate action and follow up with problems pertaining to product availability, shortages, invoicing and both scheduled and inadvertent production changes
4. Provides timely and accurate documentation of orders and contact information to customers requiring special or non-routine documentation and or processing requirements
5. Processes information timely and accurate relative to customer rejections, returns, complaints and problem shipments into the appropriate reports, databases, email, etc. Escalates issues to the appropriate BSM resources.

6. As needed, will process new contracts and managing existing contracts including hedging and administration of the contract for house accounts by direction from the Customer Service Manager and/or the Commercial Manager for Core Milling.
7. Back up to the Administrative Assistant and where appropriate the Customer Service Manager.
8. This job has a broad base of duties and a widely fluctuating workload. This position is one of high visibility due to daily contact with customers, sales and mill office and production personnel.
9. Timely and accurately organizes and files BSM required documents

NATURE AND SCOPE

1. Processes flour orders from customers in a timely and efficient manner and confirm the ship and delivery date with the customer.
2. Work in close coordination with the Customer Service Manager and when appropriate the Sales Representative informing them on relevant developments pertaining to orders and flour contract position. It is important to the success of the business that sales personnel and customer service function as a team.
3. Communicate to the mill personnel any changes in customer's requirements or anticipated increased or decreased usage.
4. Set up as a standard, for each customer, special handling requirements (pallet exchange, pallet jacks, etc.) or information that needs to be provided with each load (lab analysis, loading order, etc.).
5. Notify customers in advance of any changes in product, volume or delivery schedule.
6. Provide customers with an appropriate notice of shipment confirmations, accurately process all flour bookings into flour contracts and maintain contract balances, application prices and all other contract records. Be coordinated with Sales as to who will hedge the flour sale with the Grain Desk.
7. Have orders and flour contracts set up in the computer system so orders can be invoiced promptly, as soon as they are shipped.
8. Provide customers with purchase order or release numbers on their invoices or any other information they may need, to pay them promptly.
9. Manage the intermill flour inventory by placing orders with the supplying mill at direction of Master Scheduler.

DIMENSIONS

Primarily, taken care of on one shift; however, extra hours are put in as the need arises.

QUALIFICATIONS

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily.
